	AY0	<b>Air bags</b> , dual-stage frontal, and thorax side-impact, driver and front passenger, and head curtain side-impact, front and rear outboard seating positions, includes Passenger Sensing System <b>1 - Head curtain side air bags are designed to help reduce the risk of head and neck injuries to front and rear seat outboard occupants on the rear side of certain side-impact collisions. Always use safety belts and the correct child restraints for your child's age and size. Even in vehicles equipped with air bags and the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and child safety seat instructions for more safety information.</b>	S <sup>1</sup>	S <sup>1</sup>	S <sup>1</sup>	S <sup>1</sup>	S <sup>1</sup>
